

Vascular International certifies that

Matej Makovec

has participated at the
European Vascular Workshop
March 9 – 12, 2013 in Maastricht, The Netherlands

The following vascular surgical techniques were demonstrated and practised: Open abdominal aortic repair for AAA (tube and bifurcation grafts), carotid endarterectomy (CEA, conventional and eversion technique), femoral transposition and profundoplasty, femoro-popliteal and distal bypass surgery

In recognition of a successful participation.

H.-H. ECKSTEIN, M.D.
President Vascular International

A. ASSADIAN, M.D.
Board of Trustees Vascular International

Maastricht, March 12, 2013
